

RIT Road Safety Week - March 2nd to 8th

Every day many people are involved in road accidents, some are killed, many more are injured. So it is important to use the roads properly and safely in order to avoid road accidents, injury, and deaths. Road safety is very important nowadays as there has been too much increasing in vehicles on road and it becomes crucial to follow the traffic rules and laws to save ourselves and our families from road accidents. Awareness regarding road safety rules and regulations could make our roads safer. Practising road safety measures are vital as they ensures us to become safe drivers.

So we are glad to inform you that our Transportation Engineering Division of Civil Engineering Department, RIT is organizing various road safety programs which includes TREASURE HUT on MARCH 7th, PHOTOGRAPHY COMPETITION (Theme-ROAD SAFETY) on MARCH 6th, ROAD SAFETY AUDIT of NH183 within Pampady Police station limit and AWARENESS CAMPAIGN at Schools in and around Pampady on FEBUARY22nd thus creating awareness and education to the public and among students.

Photography
