

The items proposed for purchase under TEQIP project in Department of Electronics and Communication Engineering, Rajiv Gandhi Institute of Technology, Kottayam is listed below:

1. FPGA development boards with software
2. MCU/Embedded development boards and simulation software
3. ARM developments boards and software
4. Digital Video Camera
5. High End Desktop Computers
6. Note book Computers
7. Network printers
8. Network attached storage
9. Digital Storage Oscilloscope
10. Programmable function generator
11. Logic Analyser
12. Tower A/C
13. DSP kits with add on cards
14. Spectrum analyser
15. UPS
16. Lab view software
17. Circuit simulation software.
18. Matlab software
